

400L Hazchem Spill Response Kit

Application

This large spill kit is designed for use on land in areas where there is a risk of spills of up to 400 litres. The contents of this kit makes it ideal for loading dock areas where forklifts are moving 205L drums on pallets

It is suitable for use in a wide range of environments including

- workshop
- warehouse
- factory
- refuelling areas
- bulk liquid transfer
- loading dock
- Class 3 storage
- Class 6 storage
- Class 8 storage

Suitability

- oils
- coolants
- acids
- fuels
- detergents
- caustics
- herbicide
- solvents
- pesticide
- paint

TSS300EA 400L Hazchem Spill Kit

A complete training pack is available upon request with your spill kit purchase. This pack is comprised of demonstration DVD, PowerPoint presentation and multiple choice questionnaire.

A programmed maintenance service is also available to ensure that your spill kit is fully stocked and ready to respond in the event of a spill.
